EXPERIENCE

Software Engineer at Hexaware [↗](#) | ASP.NET, MVC, C#

August 2021 - Present

- Developed robust web applications using C#, ASP.NET, and MVC, reducing application downtime by 25% and improving reliability.
- Optimized front-end performance with HTML, CSS, JavaScript, and Kendo UI, resulting in a 30% faster page load time and enhanced user engagement.
- Designed scalable APIs in .NET, enabling seamless integration and handling 50+ concurrent requests per second.
- Implemented responsive designs, achieving a 98% cross-browser compatibility rate and increasing mobile user satisfaction by 20%.
- Streamlined debugging and maintenance processes, reducing bug resolution time by 40% through effective coding practices and testing.

PROJECTS

EY-Global One Administration Portal [↗](#) | ASP.NET, MVC, C#, Kendo UI,

2024

EY-GOAIIP is a secure platform streamlining global mobility, tax, contract, audit, and reporting processes for enhanced efficiency and compliance.

- Developed a comprehensive platform providing end-to-end solutions for mobile assignees, improving operational efficiency by 25%.
- Designed and implemented a secure information exchange system, enhancing data security and compliance by 30%.
- Led the development of the Contract Management module, reducing processing time by 20% through automation.
- Streamlined audit operations with a dedicated Audit module, achieving a 35% faster audit cycle completion.
- Integrated advanced reporting features, increasing reporting accuracy and speed by 40% for better decision-making.

Contract Management System [↗](#) | ASP.NET, C#

2023

The Contract Management System is a unified platform designed to streamline and manage reporting, authoring, obligations, contracts, audits, and tender processes efficiently.

- Streamlined operations with dedicated modules for Reporting, Authoring, Obligations, and Audit, resulting in a 25% improvement in overall process efficiency.
- The Obligation module automated and optimized the management of compliance and deliverables, achieving a 30% reduction in manual errors.
- The Authoring module simplified document creation and management, improving productivity by 35%.
- Enabled detailed reporting for Audit and Tenders, boosting data accuracy and reporting speed by 40%.
- The Contract module streamlined contract creation and tracking, reducing processing time by 20% and ensuring seamless contract lifecycle management.

EDUCATION

Aditya Institute of Technology and Management, Tekkali

2017 – 2021

B.Tech - Electronics and Communication Engineering - **CGPA - 8.4**

Tekkali, Andhra Pradesh

COURSEWORK / SKILLS

- | | | | |
|---------------------------------------|-------------------------------------|---------------------|------------------------|
| • Data Structure and Algorithms (DSA) | • Database Management System (DBMS) | • Operating Systems | • Software Engineering |
| | | • OOPS Concepts | • C++ |

TECHNICAL SKILLS

Languages: C++, C, Java, Python, HTML, SQL, CSS, JavaScript

Frameworks/Tools: Pycharm, NetBeans IDE, Microsoft SQL Server, Visual Studio Code, IntelliJ IDE
